Guam Water Well Data

Well Name 5th Ship Service well 2 Coordinate Well No. _____

Other Names and/or numbers (explain) _____ Office Well No. _____

Data Recorded by PCW Date 12-55

Data Checked by _____ Date _____

Source of Data PCW

Owner _____

Contact at _____

Driller _____

Contact at _____

Type of Well (drilled, dug, natural, etc.) _____ Date 1948

Depth (ft.) 215 Meas. by _____ Date _____

(ft.) _____ Meas. by _____ Date _____

Diameter (in.) 8

Casing: Depth (ft.) 215 Type _____ Finish bottom 20' of casing perforated

Aquifer coral sand

Water Level (ft.) 198 Date when drilled? Above _____ Below _____

which is _____ ft. Above _____ Below _____ Meas. by _____

Pump: Type _____ Capacity (gpm) _____ Setting (ft.) _____

Well Yield (gpm) _____ Determined by _____ Date _____

(gpm) _____ Determined by _____ Date _____

Drawdown (ft.) _____ after _____ hours pumping at _____ gpm.

Determined by _____ Date _____

Specific Capacity (g.p.m. per ft. dd.) _____ Date _____

4" Peerless 60 gpm twister pump

Well Name _____ Coordinate Well No. _____

Office Well No. _____

Use (if well is abandoned, explain and give date) _____

Maximum Daily Pumpage (gpd) _____ Date _____

Minimum Daily Pumpage (gpd) _____ Date _____

Average pumpage (gals.) Daily _____ Monthly _____ Annually _____

Hours operated Daily _____ Monthly _____

Is water treated? (Explain) _____

Has well been repaired, cleaned or modified since it was completed?
(Explain and give dates).

Measuring point (describe, sketch, give elevation and datum used, and date established). *OKV 206.67*

Well Name _____ Coordinate Well No. _____

Office Well No. _____

Is chemical data available? _____ Where _____

Is temperature data available? _____ Where _____

Was recorder installed? _____ When? _____ By whom? _____

Length of recorder record: From _____ to _____

Well interference: Tidal _____ Pumpage _____ Other _____

Is additional information available? (Explain)

LOG

Formation	From	To	Remarks
<i>Coral, soft</i>	<i>0</i>	<i>125</i>	
<i>Coral, hard</i>	<i>125</i>	<i>203</i>	
<i>Coral sand</i>	<i>203</i>	<i>215</i>
